Q1. Which of the following expresses your view of creating a new offence of assault against a worker in the retail sector?

Fully supportive

**Please explain the reasons for your response**

I have seen evidence of verbal abuse, bordering on physical, on a number of occasions and I support the views of my Trade Union on this matter.

Q2. Which of the following would you support as a way to respond to assaults on workers upholding statutory age-restrictions?

A new statutory offence

**Please explain the reasons for your response**

I agree with the views expressed in the consultation document on these options.

Q3. Which of the following would you support as a way to respond to abuse, harassment, threatening or obstruction of workers upholding statutory age-restrictions?

A new statutory offence (for all these types of behaviour)

**Please explain the reasons for your response**

I agree with the arguments laid out in the consultation document.

Q4. Do you think that there are other steps which could be taken (either instead of, or in addition to, legislation) to achieve the aims of the proposal?

Yes

**Please explain the reasons for your response.**

Education, perhaps as part of a broader approach to acceptable and unacceptable behaviours, aimed at schools and youth groups. More community policing resources. Both of these in addition to the proposed legislation.

Q5. Taking account of both costs and potential savings, what financial impact would you expect the proposed Bill to have on:

**Q5.1. (a) Government and the public sector** - Broadly cost neutral

**Q5.2. (b) Businesses** - Some reduction in cost

**Q5.3. (c) Individuals** - Broadly cost neutral

**Please explain the reasons for your responses.**

I expect a decrease in the level of staff turnover in affected businesses as a result of the proposed legislation.

Q6. Are there ways in which the Bill could achieve its aim more cost-effectively (e.g. by reducing costs or increasing savings)?

Yes

**Please explain the reasons for your responses.**

I think that increasing community policing resources would be a "spend to save" gain, but provision of these resources would, of course, be outwith the scope of the proposed legislation.

Q7. What overall impact is the proposed Bill likely to have on equality, taking account of the following protected groups (under the Equality Act 2010): race, disability, sex, gender re-assignment, age, religion and belief, sexual orientation, marriage and civil partnership, pregnancy and maternity?

Positive

**Please explain the reasons for your responses.**

-

Q8. In what ways could any negative impact of the proposed Bill on equality be minimised or avoided?

Publicity through contact with schools, youth groups, etc, explaining the aims of the proposed legislation, and its anticipated effects.

Q9. Do you consider that the proposed Bill can be delivered sustainably i.e. without having likely future disproportionate economic, social and/or environmental impacts?

Yes

**Please explain the reasons for your responses.**

-

Q10. Do you have any other comments or suggestions on the proposal, for example, other trigger points for violence and abuse, and other workers who should be covered?
