Page 7: Your views on the proposal - Aim and approach

Q1. Which of the following expresses your view of creating a new offence of assault against a worker in the retail sector?

Fully supportive

Please explain the reasons for your response

- Fully supportive Points to make: - A new law would provide a strong message that violence and abuse are unacceptable. - For too many workers, abuse and violence have become 'just part of the job'. - In order to change that, a new law would do three positive things: o Ensure that victims and potential perpetrators are aware that abuse and violence are illegal, and carry significant consequences o It will help to break the cycle of under-reporting, where victims feel it is just part of the job.

Q2. Which of the following would you support as a way to respond to assaults on workers upholding statutory age-restrictions?

Either

Please explain the reasons for your response

- Both a statutory offence and statutory aggravation would help to increase the awareness of the issue, thus hopefully preventing abuse and violence. - A statutory aggravation could have the benefit of increasing the severity of the punishment for existing crimes, while a new statutory offence could capture new offences, for example obstruction. This may help to prevent issues escalating.

Q3. Which of the following would you support as a way to respond to abuse, harassment, threatening or obstruction of workers upholding statutory age-restrictions?

A new statutory offence (for all these types of behaviour)

Q4. Do you think that there are other steps which could be taken (either instead of, or in addition to, legislation) to achieve the aims of the proposal?

No
