Q1. Which of the following expresses your view of creating a new offence of assault against a worker in the retail sector?

Fully supportive

Please explain the reasons for your response

Retail workers need protection against threats and abuse and often have to face violence without much backup (such as in small shops, petrol stations)

Q2. Which of the following would you support as a way to respond to assaults on workers upholding statutory age-restrictions?

Unsure

Please explain the reasons for your response

Don't understand the difference between the two

Q3. Which of the following would you support as a way to respond to abuse, harassment, threatening or obstruction of workers upholding statutory age-restrictions?

Unsure

Please explain the reasons for your response

Don't understand statutory aggravation definition

Q4. Do you think that there are other steps which could be taken (either instead of, or in addition to, legislation) to achieve the aims of the proposal?

No

Please explain the reasons for your response.

Increase in offences despite current legislation

Q5. Taking account of both costs and potential savings, what financial impact would you expect the proposed Bill to have on:

Q5.1. (a) Government and the public sector - Some reduction in cost

Q5.2. (b) Businesses - Significant reduction in cost

Q5.3. (c) Individuals - Significant reduction in cost

Please explain the reasons for your responses.

Hopefully less time in court cases impacting on public finance, less time lost for businesses due to staff absence after attacks and decrease in wage loss for casual shop workers who don't have protected sick pay if they have to take time off after attacks

Q6. Are there ways in which the Bill could achieve its aim more cost-effectively (e.g. by reducing costs or increasing savings)?

Unsure

Please explain the reasons for your responses.

Q7. What overall impact is the proposed Bill likely to have on equality, taking account of the following protected groups (under the Equality Act 2010): race, disability, sex, gender re-assignment, age, religion and belief, sexual orientation, marriage and civil partnership, pregnancy and maternity?

Positive

Please explain the reasons for your responses.

Attacks based on race, gender or disability are probably higher for people in these groups

Q8. In what ways could any negative impact of the proposed Bill on equality be minimised or avoided?

-

Q9. Do you consider that the proposed Bill can be delivered sustainably i.e. without having likely future disproportionate economic, social and/or environmental impacts?

Yes

Please explain the reasons for your responses.
