Q1. Which of the following expresses your view of creating a new offence of assault against a worker in the retail sector?

Fully supportive

Please explain the reasons for your response

To increase awareness of frequency of abuse and assault, to make it more likely that workers feel supported in reporting this and ultimately to help keep retail workers safe at work.

Q2. Which of the following would you support as a way to respond to assaults on workers upholding statutory age-restrictions?

Either

Please explain the reasons for your response

I don't know enough about the law, but either should lead to a decrease in offences and better protection for workers

Q3. Which of the following would you support as a way to respond to abuse, harassment, threatening or obstruction of workers upholding statutory age-restrictions?

Either

Please explain the reasons for your response

As above

Q4. Do you think that there are other steps which could be taken (either instead of, or in addition to, legislation) to achieve the aims of the proposal?

Yes

Please explain the reasons for your response.

Public awareness campaign - especially about the law regarding asking for ID for age restricted goods.

Q5. Taking account of both costs and potential savings, what financial impact would you expect the proposed Bill to have on:

Positive

Please explain the reasons for your responses.

Women and people from minority ethnic groups are particularly well represented in the retail sector, therefore the law is also affording extra protection for people who may already be vulnerable and experience oppression in other aspects of their lives.
