Q1. Which of the following expresses your view of creating a new offence of assault against a worker in the retail sector?

Unsure

Please explain the reasons for your response

I know I agree with the intent of the bill but the wording leaves me unsure. Surely assault cannot be a "new offence" and why only in the retail sector?

Q2. Which of the following would you support as a way to respond to assaults on workers upholding statutory age-restrictions?

Unsure

Please explain the reasons for your response

As with response to the previous question

Q3. Which of the following would you support as a way to respond to abuse, harassment, threatening or obstruction of workers upholding statutory age-restrictions?

Unsure

Please explain the reasons for your response

Please see response to previous question

Q4. Do you think that there are other steps which could be taken (either instead of, or in addition to, legislation) to achieve the aims of the proposal?

No

Please explain the reasons for your response.

Q5. Taking account of both costs and potential savings, what financial impact would you expect the proposed Bill to have on:

Q5.1. (a) Government and the public sector - Some increase in cost

Q5.2. (b) Businesses - Some increase in cost

Q5.3. (c) Individuals - Unsure

Please explain the reasons for your responses.

New legislation always comes with a financial cost. However the real cost should be to organisations and individuals who perpetrate assault, harassment etc in the work place.

Q6. Are there ways in which the Bill could achieve its aim more cost-effectively (e.g. by reducing costs or increasing savings)?

No

Please explain the reasons for your responses.

-

Q7. What overall impact is the proposed Bill likely to have on equality, taking account of the following protected groups (under the Equality Act 2010): race, disability, sex, gender re-assignment, age, religion and belief, sexual orientation, marriage and civil partnership, pregnancy and maternity?

Positive

Please explain the reasons for your responses.

Difference and disadvantage always seem to be sufficient to provoke some individuals to negative actions...this behaviour is at the mild end of the poor mental health spectrum. All legislation should contain an element of early intervention and prevention

Q8. In what ways could any negative impact of the proposed Bill on equality be minimised or avoided?

See previous response

Q9. Do you consider that the proposed Bill can be delivered sustainably i.e. without having likely future disproportionate economic, social and/or environmental impacts?

No

Please explain the reasons for your responses.

-

Q10. Do you have any other comments or suggestions on the proposal, for example, other trigger points for violence and abuse, and other workers who should be covered?

No
