Q1. Which of the following expresses your view of creating a new offence of assault against a worker in the retail sector?

Fully supportive

Please explain the reasons for your response

This is an attempt to protect people carrying out their jobs. These people are in vulnerable positions and are seen as easy targets by a sector of the public.

Q2. Which of the following would you support as a way to respond to assaults on workers upholding statutory age-restrictions?

A new statutory offence

Please explain the reasons for your response

I think the crime is sufficiently prevalent and the risks to workers such that a separate offence has to be created.

Q3. Which of the following would you support as a way to respond to abuse, harassment, threatening or obstruction of workers upholding statutory age-restrictions?

A new statutory offence (for all these types of behaviour)

Please explain the reasons for your response

I think separating the two would lead to confusion and a lesser likelihood of conviction.

Q4. Do you think that there are other steps which could be taken (either instead of, or in addition to, legislation) to achieve the aims of the proposal?

Yes

Please explain the reasons for your response.

Continued education in social responsibility is always a useful step.

Q5. Taking account of both costs and potential savings, what financial impact would you expect the proposed Bill to have on:

Q5.1. (a) Government and the public sector - Some increase in cost

Q5.2. (b) Businesses - Broadly cost neutral

Q5.3. (c) Individuals - Broadly cost neutral

Please explain the reasons for your responses.

Government would have to fund more prosecutions; businesses would have fewer incidents but could be involved in cases; some individuals would avoid assault, some would be accused of offences.

Q6. Are there ways in which the Bill could achieve its aim more cost-effectively (e.g. by reducing costs or increasing savings)?

Unsure

Please explain the reasons for your responses.

Q7. What overall impact is the proposed Bill likely to have on equality, taking account of the following protected groups (under the Equality Act 2010): race, disability, sex, gender re-assignment, age, religion and belief, sexual orientation, marriage and civil partnership, pregnancy and maternity?

Neutral (neither positive nor negative)

Please explain the reasons for your responses.

-

Q9. Do you consider that the proposed Bill can be delivered sustainably i.e. without having likely future disproportionate economic, social and/or environmental impacts?

Yes

Please explain the reasons for your responses.

Q10. Do you have any other comments or suggestions on the proposal, for example, other trigger points for violence and abuse, and other workers who should be covered?

-
