Please choose one of the following:

I would like this response to be anonymous (the response may be published, but no name)

Q1. Which of the following expresses your view of creating a new offence of assault against a worker in the retail sector?

Neutral (neither support nor oppose)

**Please explain the reasons for your response**

I believe that there are other steps that could be taken before this type of law making is considered. There is little point in bringing out a new law if there are no resources to support it

Q2. Which of the following would you support as a way to respond to assaults on workers upholding statutory age-restrictions?

Unsure

**Please explain the reasons for your response**

I think police should be enforcing current laws before adding new ones

Q3. Which of the following would you support as a way to respond to abuse, harassment, threatening or obstruction of workers upholding statutory age-restrictions?

Neither

**Please explain the reasons for your response**

-

Q4. Do you think that there are other steps which could be taken (either instead of, or in addition to, legislation) to achieve the aims of the proposal?

Yes

**Please explain the reasons for your response.**

Police should be working in areas where there is risk. Proxy purchasing should be cracked down on.... Kids get alcohol bought for them by adults....get drunk and try and buy more....in this way proposals to criminalise their poor conduct let's off the proxy buyers who got them drunk in the first place

Q5. Taking account of both costs and potential savings, what financial impact would you expect the proposed Bill to have on:

**Q5.1. (a) Government and the public sector** - Some increase in cost

**Q5.2. (b) Businesses** - Broadly cost neutral

**Q5.3. (c) Individuals** - Broadly cost neutral

**Please explain the reasons for your responses.**

There is no point creating offences that are not followed up. I would use the example of curfew zones, no drinking on trains, camping restrictions at Loch Lomond etc....the good folk are impacted upon and the bad folk ignore anyway

Q6. Are there ways in which the Bill could achieve its aim more cost-effectively (e.g. by reducing costs or increasing savings)?

No

**Please explain the reasons for your responses.**

If you create an offence without resources to enforce it in current financial climate all you are doing is political posturing

Q7. What overall impact is the proposed Bill likely to have on equality, taking account of the following protected groups (under the Equality Act 2010): race, disability, sex, gender re-assignment, age, religion and belief, sexual orientation, marriage and civil partnership, pregnancy and maternity?

Unsure

**Please explain the reasons for your responses.**

-

Q8. In what ways could any negative impact of the proposed Bill on equality be minimised or avoided?

-

Q9. Do you consider that the proposed Bill can be delivered sustainably i.e. without having likely future disproportionate economic, social and/or environmental impacts?

Unsure

**Please explain the reasons for your responses.**

-

Q10. Do you have any other comments or suggestions on the proposal, for example, other trigger points for violence and abuse, and other workers who should be covered?

-

Q13. Please give details of any personal experience that you would wish to share. (Please avoid naming any other person or giving information that would allow another person to be identified)
